QUALIFICATIONS

- Bachelor of Agricultural Science (Honours)

COMMITTEES OR BOARDS

- University of Tasmania Agricultural Science Society Committee (President – 2018)

Lauren Rowlands is an Agribusiness Consultant in Pinion Advisory's Food and Ag Production team.

Lauren graduated from the University of Tasmania with a Bachelor of Agricultural Science (Honours) in 2019. She has a background in animal health and productivity through her studies and research at university, including an Honours project comparing sheep management systems. Lauren has previously worked in the biosecurity space, including biosecurity communication and engagement, border operations, post-border surveillance, and livestock biosecurity and welfare. Lauren has practical experience in industry engagement, creating communication plans and education material, and project development and delivery.

Lauren enjoys engaging and collaborating with clients on projects to help them achieve their goals. She is passionate about promoting the opportunities available in the agriculture industry, and in assisting clients in learning and utilising the latest science and advice to provide their businesses the opportunity to continue to improve.
