

## Robbie Hunt

**Engineer**  
**Water Resources**

### CONTACT DETAILS

0456 493 568

Unit 2, Tech 4 30-38  
Innovation Drive  
Dowsing Point  
Tasmania 7010

### QUALIFICATIONS

- Bachelor Engineering (Civil) (Hons)

Robbie graduated from the University of Tasmania in 2018 with a Bachelor of Civil Engineering. After graduating he spent seven years working for a Hobart based consulting firm before joining Pinion Advisory in September 2024.

By working with a diverse range of clients, from private developers to council officers and civil contractors, Robbie has become a confident team leader and effective communicator. He is well practiced in the technical aspects of water engineering, particularly stormwater design and inundation analysis, and regularly leads projects in these areas.

### Areas of expertise

- Project management
- Contract administration and superintendent
- Hydrologic & hydraulic modelling
- Stormwater pipeline design
- Flood modelling
- Dam break modelling and assessments

### Professional experience

- Pinion Advisory – Engineer - Water Resources, 2024 – Current
- JMG Engineers – Civil Engineer, 2016 – 2024
